

About Me

I am a motivated professional with a strong interest in cloud technologies and DevOps, backed by hands-on experience from internships and academic projects. Known for my dedication, effective communication skills, and leadership qualities, I am committed to continuous growth and excellence. Currently, I am actively seeking an internship to apply my skills and contribute to innovative and challenging projects while staying adaptable and eager to learn emerging technologies.

Skills

Cloud Computing :

- Azure (Azure Networking, Azure, Storage Services, Azure Virtual Machines, Azure cli Azure Container Instances Azure Kubernetes Service)
- Kubernetes
- docker,docker compose
- git,github
- Ansible
- Linux
- vmware

Networking :

- IP subnetting (IPv4, IPv6), IP services, Static routing and dynamic (RIP, OSPF, EIGRP, BGP), TCP/IP, UDP, NAT, VLAN , InterVLAN Routing.

Coding :

- python, C,

Tools :

- Plesk, VMware Workstation, Cisco Packet Tracer, mininet
